

As a Healthcare provider, we are exempt from closing during all tiers and lockdowns, so if you need us, we are Open!

We have put various policies and procedures in place since March 2020, to comply with the ever-changing guidelines set out by Governing bodies and professional associations, including social distancing where possible, screens at our front desk, sanitiser throughout the practice and various items of PPE.

Everyone entering the practice are required to wear face coverings while onsite unless medically exempt.

We are operating on reduced hours and availability to minimise the number of patients and team members on site at any one time, so booking in advance is recommended!

Please contact us for more information by calling 01752 770131, or emailing info@plymouthchiropractic.com
